

TECHNICAL DATA SHEET

Nature:

Ethyl Acetate is a colorless liquid with highly solubility in organic chemicals and less toxicity having fruity odour that makes it Flavour and Essences also.

Applications:

EthylAcetate being the best choice of solvent to be used in the following applications being user friendly high purity and low cost solvent.

- Flexible Packaging
- Pharmaceuticals
- Ink , Adhesives and Coatings
- Nail Polish Remover (are a few to mention.)

Product Specifications:

CHARACTERISTICS	SPECS.	VALUES.
Appearance	-	Clear / colorless
Ester Content(EthylAcetate)	Wt %	99.20 +
Water Content	Wt%	0.1
Acidity	Wt%	0.001
Ethanol Content		0.60
Relative Density	20 Deg C	0.895%
Volatile on Evaporation	-	-
